

BORA BORA CRUISES

“NOMADE YACHTING by BORA BORA CRUISES”

In alliance with Orient-Express Hôtels, Trains & Cruises

➤ ABOUT BORA BORA CRUISES

Purely Polynesian, Bora Bora Cruises is an independent family-style company, where the priority is quality. Bora Bora Cruises took on a challenge: to imagine a new cruise niche, innovating a concept of 'nomade yachting' characterized with refinement and freedom. A new original style of voyage, without fixed schedules or constraints. The traveller lives according to his own rhythm and mood: breakfast, for example, is served at any hour in the morning on one of the private decks. Activities and events are generally flexible and the tenders that provide transport to different sites are 'on call'... However, the absence of rigid rules does not mean that the voyage will be disorganized –

On the contrary, at Bora Bora Cruises – everything, every detail, is thought out and planned...
